BRIEF ABSTRACT OF LETTER

Submits instructions as to whether the "Govt. House" does not come within the meaning of "buildings used for residential purposes" and whether it is consequently not liable to Municipal taxation under G.O. No. 5623-63 dated 31st Jan. 1913 Mc 252-12-9

NOTES AND ORDERS

Q The "Government House" at Ootacamund is included in the list of Government buildings used for residential purposes submitted by the Municipal Vice-President in November 1911, and para 11 of the Dewan's submission note and the final order

owned in the matter are to the effect that all Government buildings used for residential purposes should be assessed to Municipal taxes. Para 2 of that order however contemplates only two classes of residential buildings viz. those in respect of which rent is recovered from the occupants and those occupied by officers of the Govt Deptt. rent-free, and does not refer to guest houses such as the Govt House at Ootacamund for which rent is not recovered from the occupants and the occupants are not border officers of any Govt Deptt. This circumstance has evidently given rise to the doubt about the building's liability to Municl. taxes. As the Govt have accepted the principle of assessing all residential buildings to Municl. taxes and as the Government House at Ootacamund is used for residential purposes only, however short the period of its occupation may be, it may perhaps be considered as coming under the 2nd class of buildings and the Military Secty. requested to pay the taxes thereon.

2	The Govt Houses at Mysore are intended to be used as residences by occupants who, though not paying rent, participate in the general benefits conferred by the Municipal Administration. The Conservancy arrangements in the vicinity of these buildings are in the charge of the Municipal Council. In this view, the Govt Houses at Mysore are liable to pay Municipal taxes. 2/4/13 (Illegible)
3	It is the first para of the Govt order of 31st Jan 1913 that deals with the liability for taxes and Govt Houses, it includes in the description of buildings liable to pay taxes "all Government buildings used for residential purposes". Dewan's letter 26/4 2nd Commissioner & Dewan.
4	I am not sure if we can call this Govt House at Mysore a palace as for residential purposes the building is more a kind of imitation of a Mahomedan Bungalow & I may say so. We are actually in communication

arrangement would hold with the use
of the Muslim Guests' Quarters or the Hindu

I am of opinion that these
buildings should be regarded for
municipal taxation so long as they
are used as guests Houses & nothing more.

It will be seen that the Travellers'

being a 1st class bungalow of Govt. property,
is not mentioned in the list of Govt's
